TPF: Pass-Catch-Defend, an Instructional Game for Boys and Girls, allows every player to touch the ball on every play.

LapTopPublishing LLC is a Multimedia Company that creates and publishes books, videos and enrichment courses. It is owned and operated by Publishing Director Karl J. Niemiec.

LapTopPublishing has a national contract agreement with the YMCA to run and operate TPF Programs. We are seeking to develop TPF programs in conjunction with Miami based YMCAs.

Keeping Your Young Athlete Safer!

- 1.) TPF is a unique indoor/outdoor Non-Contact league for boys and girls. TPF rules, plus the size of field of play, are designed to help eliminate potential injuries without interfering with skill-set training or the thrill of the game.
- 2.) TPF is a perfect football game for school curriculum, enrichment programs, fundraising tournaments, birthday party games and personalized and open organized leagues from new young athletes to professional players.
- 3.) It has been said that TPF brings the Madden NFL Video Football Game to life, because kids choose what plays to run, get to tweak them a little bit, and make them their own.
- 4.) The overall goal for TPF is to teach players the fundamentals of Leadership, Following Instructions and Self Reliance while they learn three basic elements of organized football, Pass-Catch-Defend.
- 5.) A secondary goal of this game, beyond creating paid coaching jobs, is to give teachers and coaches a chance to hone their football mentoring skills.
