

This Little Girl's Heading for Trouble

Oh oh, oh oh  
Oh oh, oh oh

This little girl's headin' for trouble  
When it comes to love  
She's lost in a bubble.

This little girl  
This little girl

She likes to fight  
and likes to be treated  
She takes me from  
what is needed

This little girl  
This little girl

This little girl  
This little girl  
This little girl  
This little girl

Listen to me girl  
You know I love ya  
Rather have you by me  
Then leave you behind me.

ohhhh  
This little girl  
This little girl  
This little girl  
This little girl

Oh oh, oh oh  
Oh oh, oh oh

This little girl's headin' for trouble  
She better get in line on the double

Don't need a girl who's lovin' in a bubble  
Throw you in the street  
Gonna leave ya in a rubble.

This little girl  
This little girl

This little girl  
This little girl

This little girl  
This little girl

Listen little girl  
You know I want ya  
Rather have you with me  
Then leave you behind me.

This little girl  
This little girl

This little girl  
This little girl

Oh oh, oh oh  
Oh oh, oh oh

Oh oh,  
This little girl  
Oh oh,  
This little girl

Oh oh,  
This little girl  
Oh oh,  
This little girl  
Oh oh,  
This little girl  
Oh oh,  
This little girl
